FOR THE 2009 ANNUAL GENERAL MEETING OF SHAREHOLDERS

This information is given as of **May 15, 2009**

I. SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of **INTERNATIONAL FRONTIER RESOURCES CORPORATION** (the "Company") for use at the Annual General Meeting (the "Meeting") of the shareholders of the Company, to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting and at any adjournment thereof.

These Security holder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the Company or its agent has sent these materials directly to you, your name and address information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

II. PERSONS OR COMPANIES MAKING THE SOLICITATION

The enclosed instrument of proxy is solicited by management. Solicitations will be made by mail and possibly supplemented by telephone or other personal contact to be made without special compensation by regular officers and employees of the Company. The Company may reimburse shareholders' nominees or agents (including brokers holding shares on behalf of clients) for the cost incurred in obtaining authorization from their principals to execute the instrument of proxy. The Company has retained Georgeson Shareholder Communications Canada Inc. ("Georgeson") to assist in connection with the solicitation of proxies. For this service, and other advisory services, Georgeson will be paid a fee of up to \$25,000 (subject to adjustment in certain circumstances) and will be reimbursed for out-of-pocket expenses. The cost of solicitation will be borne by the Company. None of the directors of the Company have advised management in writing that they intend to oppose any action intended to be taken by management as set forth in this Information Circular.

III. APPOINTMENT AND REVOCATION OF PROXIES

The persons named in the accompanying instrument of proxy are directors or officers of the Company. **A shareholder has the right to appoint a person to attend and act for him on his behalf at the Meeting other than the persons named in the enclosed instrument of proxy. To exercise this right, a shareholder shall strike out the names of the persons named in the instrument of proxy and insert the name of his nominee in the blank space provided, or complete another instrument of proxy.**

The completed instrument of proxy must be dated and signed and the duly completed instrument of proxy must be deposited at the Company's transfer agent, Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, or vote using any one of the methods described on the enclosed form of proxy at least 48 hours before the time of the Meeting or any adjournment thereof, excluding Saturdays, Sundays and holidays. The time limit for deposit may be waived by the Chairman at his discretion without notice.

The instrument of proxy must be signed by the shareholder or by his duly authorized attorney. If signed by a duly authorized attorney, the instrument of proxy must be accompanied by the original power of attorney or a notarially certified copy thereof. If the shareholder is a corporation, the instrument of proxy must be signed by a duly authorized attorney, officer, or corporate representative, and must be accompanied by the original power of attorney or document whereby the duly authorized officer or corporate representative derives his power, as the

case may be, or a notarially certified copy thereof. The Chairman of the Meeting has discretionary authority to accept proxies which do not strictly conform to the foregoing requirements.

In addition to revocation in any other manner permitted by law, a shareholder may revoke a proxy by (a) signing a proxy bearing a later date and depositing it at the place and within the time aforesaid, (b) signing and dating a written notice of revocation (in the same manner as the instrument of proxy is required to be executed as set out in the notes to the instrument of proxy) and either depositing it at the place and within the time aforesaid or with the Chairman of the Meeting on the day of the Meeting or on the day of any adjournment thereof, or (c) registering with the scrutineer at the Meeting as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked.

IV. VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

On any poll, the persons named in the enclosed instrument of proxy will vote the shares in respect of which they are appointed and, where directions are given by the shareholder in respect of voting for or against any resolution will do so in accordance with such direction.

In the absence of any direction in the instrument of proxy, it is intended that such shares will be voted in favour of the resolutions placed before the Meeting by management and for the election of the management nominees for directors and auditor, as stated under the headings in this Information Circular. The instrument of proxy enclosed, when properly completed and deposited, confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Meeting and with respect to any other matters which may be properly brought before the Meeting. At the time of printing of this Information Circular, the management of the Company is not aware that any such amendments, variations or other matters are to be presented for action at the Meeting. However, if any such amendments, variations or other matters should properly come before the Meeting, the proxies hereby solicited will be voted thereon in accordance with the best judgement of the nominee.

V. ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES

Only registered holders of common shares of the Company or the persons they validly appoint as their proxies are permitted to vote at the Meeting. However, in many cases, common shares beneficially owned by a person (a “**Non-Registered Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) (including banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans) that the Non-Registered Holder deals with in respect of the shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant.

In addition, the Company will have caused its agent to deliver copies of the meeting materials to the clearing agencies and Intermediaries for onward distribution to those Non-Registered Shareholders who have provided instructions to an Intermediary that the beneficial owner objects to the Intermediary disclosing ownership information about the beneficial owner.

Intermediaries are required to forward the meeting materials to beneficial owners unless a beneficial owner has waived his or her right to receive them. Intermediaries often use service companies such as **Broadridge Proxy Services** to forward the meeting materials to beneficial owners. Generally, those beneficial owners who have not waived the right to receive meeting materials will either:

- (a) be given a form of proxy **which has already been signed by the intermediary** (typically by a facsimile stamped signature), which is restricted as to the number of shares beneficially owned by the beneficial owner, but which is otherwise uncompleted. This form of proxy need not be signed by the beneficial owner. In this case, the beneficial owner who wishes to submit a proxy

should properly complete the form of proxy and deposit it with Computershare Investor Services Inc. in the manner set out above in this circular, with respect to the common shares beneficially owned by such beneficial owner; **OR**

- (b) more typically, be given a voting registration form which is not signed by the Intermediary and which, when properly completed and signed by the beneficial owner and returned to the Intermediary or its service company, will constitute authority and instructions (often called a “**proxy authorization form**”) which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code or other information. In order for the form of proxy to validly constitute a proxy authorization form, the beneficial owner must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit the beneficial owner to direct the voting of the shares he or she beneficially owns.

Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the persons named in the form and insert the Non-Registered Holder’s name in the blank space provided. In either case, Non-Registered Holders should carefully follow the instructions, including those regarding when and where the proxy or proxy authorization form is to be delivered.

VI. VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

On **May 15, 2009**, **59,578,965** common shares without par value were issued and outstanding, each share carrying the right to one vote. At a general meeting of the Company, on a show of hands, every shareholder present in person shall have one vote and, on a poll, every shareholder shall have one vote for each share of which he is the holder.

The directors of the Company have fixed **May 15, 2009** as the record date. Shareholders at the close of business on **May 15, 2009** are entitled to receive notice of the Meeting and to vote thereat or at any adjournments thereof on the basis of one vote for each common share held, except to the extent that: (i) a registered Shareholder has transferred the ownership of any common shares subsequent to **May 15, 2009**; and (ii) the transferee of those common shares produces properly endorsed share certificates, or otherwise establishes to the satisfaction of the Company that he or she owns the common shares and demands, not later than 10 days before the Meeting, that his or her name be included on the Shareholder list before the Meeting, in which case the transferee shall be entitled to vote his or her common shares at the Meeting. The transfer books will not be closed.

To the knowledge of the directors and executive officers of the Company, only the following beneficially own, directly or indirectly, or exercise control or direction over, shares carrying more than 10% of the voting rights attached to all outstanding shares of the Company:

B. Compensation Discussion and Analysis

The following Compensation Discussion and Analysis (“CDA”) reviews the objectives, policies and principles of the Company’s executive compensation program.

Compensation Program Objectives

International Frontier’s compensation practices are designed to attract, motivate and retain highly qualified employees and executives to manage the business of the Company by rewarding individual and corporate performance and aligning the interests of the NEO’s with the Company’s shareholders. Compensation is

designed to achieve both current and long term goals of the Company and to maximize returns to shareholders. Accordingly, a significant portion of executive compensation is tied to achieving the Company's goals. Compensation decisions are intended to be transparent, and the Company's practices are intended to be simple in design and competitive within the oil and gas industry.

In establishing the framework for the Company's compensation practices, the objective is to appropriately balance risk and reward. To do so, the Company takes into account the inherent uncertainties of its business and the fact that the success of the Company is influenced by a number of risk factors, many of which are outside of the Company's control.

Because the Company is a high risk venture, its compensation is distinct from that of many conventional western Canadian based oil and gas companies. The Company is unique in that its major assets are located in the Northwest Territories, Canada. The individuals whom the Company needs to attract and retain are those with experience operating in frontier areas, who have skills in over-seeing multi-million dollar wells and capital programs, in a business usually entertained only by larger multinational oil and gas companies.

The Compensation Committee's role and philosophy is to ensure that the Company's goals and objectives, as applied to the actual compensation paid to the Company's President and Chief Executive Officer and to the Vice President of Exploration and other executive officers, are aligned with the Company's overall business objectives and with shareholders' interests. The Company's Compensation Committee is comprised of three directors, Dr. Gary Lyons, (Chair), and Bill McNaughton and Laurie Smith, members. Each of the members of the Compensation Committee is independent of management of the Company.

In addition to informal industry comparables from publicly available information, the Compensation Committee considers a variety of factors when determining both compensation policies and programs and individual compensation levels. These factors include the long-range interests of the Company and its shareholders, overall financial and operating performance of the Company, and the Compensation Committee's assessment of each executive's individual performance and contribution toward meeting corporate objectives. Superior performance is recognized through the Company's incentive policy and programs. Because the Company does not operate any of its licenses in the Northwest Territories, the Company's stock performance is materially influenced by decisions of its operating partners as to when wells are drilled in the Northwest Territories and, as such, are outside the control or influence of the Company. Because the Company's share price is reflected in compensation in terms of stock options, the Compensation Committee does take into consideration the historical and future drilling results in establishing the issuance of stock options. Given the risks inherent in a drilling program of two frontier exploration wells in any given year, the Compensation Committee has not established a targeted amount of resource additions as a corporate goal.

Role of Executive Officers in Determining Compensation

The Compensation Committee reviews and sets compensation policies and programs for the Company, as well as salary and benefit levels for executives and consultants. The President and Chief Executive Officer, Chief Financial Officer, and Vice President of Exploration may not be present during meetings of the Compensation Committee at which their compensation is being discussed. The Compensation Committee makes the final determination regarding the Company's compensation programs and practice.

Elements of the Compensation Program for Fiscal Year 2008

The total compensation plan for executive officers and consultants is comprised of four components: base salary or consulting fees, incentive stock options, the Company's Royalty Incentive Program and benefits. There is no policy or target regarding cash and non-cash elements of the Company's compensation program. The Compensation Committee annually reviews the total compensation of each of the Company's executives and consultants on an individual basis, against the backdrop of the compensation goals and objectives described.

Base Salary

As a general rule for establishing base salaries or consulting fees, the Compensation Committee reviews competitive market data on a list of peer group companies for each of the executive positions and determines placement at an appropriate level within a range. Compensation levels are negotiated with the candidate for the position prior to his or her selection as an executive officer or consultant. Salaries or consulting fees for the executive officers are reviewed annually to reflect competitive salaries or consulting fees, external factors such as inflation as well as the overall corporate performance and the results of internal performance reviews.

Consulting Fees

As a general rule for establishing consulting fees, the Compensation Committee reviews competitive market data for each of the consulting positions and determines placement at an appropriate level within a range. Consulting fees are reviewed annually to reflect external factors such as inflation as well as overall corporate performance and the results of internal performance reviews.

Incentive Payments

The Company has a Royalty Incentive Program in place. Under the program employees and consultants, who may also be Directors, are awarded royalty units on an annual basis at the discretion of the Compensation Committee. The royalty program is based on a payment of 2% of the Company's gross production revenue, less processing and transportation charges until such time as payout of 100% of the Company's annual capital expenditures is received. Upon payout being received by the Company the royalty payable to unit holders is increased to 4% of the Company's annual production revenue, less transportation and processing charges. For the period ending December 31, 2008 the Company paid royalty unit holders a total of \$23,921.40.

Stock Options

The Company has a Stock Option Plan (the "Plan") for the granting of stock options to the directors, officers, employees and consultants of the Company. The purpose of granting such stock options is to assist the Company in compensating, attracting, retaining and motivating such persons and to closely align the personal interest of such persons to that of the Company's shareholders. The allocation of options under the Plan is determined by the Compensation Committee which, in determining such allocations, considers such factors as overall company performance, peer company performance, share price performance, the business environment and labour market, the role and performance of the individual in question, the level of relative cash compensation and, in the case of grants to non-executive directors, the amount of time directed to the Company's affairs and time spent on the Company's audit, reserve and compensation committees. During the year ended December 31, 2008 the Company did not grant options to directors, officers or consultants of the Company.

Other Personal Benefits

The Company provides a health benefit program allowance for each of the Company's executives and consultants. The Company provides a reimbursement of the President's and Vice President of Exploration's life insurance premiums in the aggregate amount of \$6000 per annum. The Company reimburses directors and consultants for any approved expenses incurred on behalf of the Company.

3. Orientation and Continuing Education

The Board of Directors of the Company brief all new directors with the policies of the Board of Directors, and other relevant corporate and business information.

4. Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under the corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. The director must then abstain from voting on the contract or transaction unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the corporation. If the director abstains from voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid and the director is not accountable to the Company for any profit realized from the contract or transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

5. Nomination of Directors

The Board of Directors is responsible for identifying individuals qualified to become new Board members and recommending to the Board new director nominees for the next annual meeting the shareholders.

New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required, shown support for the Company's mission and strategic objectives, and a willingness to serve.

6. Compensation

The Compensation Committee of the Board of Directors, which consists of three independent directors, conducts reviews with regard to executive officers', consultants' and directors' compensation once a year. To make its recommendation on compensation, the Compensation Committee takes into account the types of compensation and the amounts paid to directors, executive officers and consultants of comparable publicly traded Canadian companies.

7. Other Board Committees

The committees of the Board of Directors consist of the Audit Committee, of which a majority of the members are independent, the Reserve Committee, which consists of one executive officer and one independent director, and the Compensation Committee, which is comprised of three independent directors.

8. Assessments

The Board of Directors monitors the adequacy of information given to directors, communication between the board and management and the strategic direction and processes of the board and committees.

XIV. AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

National Instrument 52-110 of the Canadian Securities Administrators ("NI 52-110") requires the Company, as a venture issuer, to disclose annually in its Information Circular certain information concerning the constitution of its audit committee and its relationship with its independent auditor, as set forth in the following.

A. Audit Committee Charter

The Company's audit committee is governed by an audit committee charter, the text of which is attached as **Schedule A** to this Information Circular.

B. Composition of the Audit Committee

The Company's audit committee is comprised of three directors, William McNaughton, Gary Lyons and Laurie Smith. Messrs. Gary Lyons, William McNaughton and Laurie Smith are "independent". Also as defined in NI 52-110, all of the audit committee members are "financially literate".

A member of the audit committee is "independent" if the member has no direct or indirect material relationship with the Company. A material relationship means a relationship which could, in the view of the Company's board of directors, reasonably interfere with the exercise of the member's independent judgment.

C. Relevant Education and Experience

NI 52-110 provides that a member of the audit committee is considered to be "financially literate" if he has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexities of the issues that can reasonably be expected to be raised by the Company.

All of the members of the Company's audit committee are considered to be "financially literate", as that term is defined in NI 52-110.

Gary Lyons is a retired medical doctor and independent business person. Dr. Lyons is financially literate.

William McNaughton is Chairman of the Audit Committee. Mr. McNaughton is a chartered accountant with thirty-five years of industry experience and is financially literate.

Laurie Smith is a practicing barrister and solicitor with the law firm Bennett Jones, in Calgary, and is financially literate.

The board of directors believes that the audit committee members have the relevant education and experience to comply with NI 52-110.

Since the commencement of the Company's most recently completed financial year, the Company's Board of Directors has not failed to adopt a recommendation of the audit committee to nominate or compensate an external auditor.

Since the effective date of NI 52-110, the Company has not relied on the exemptions contained in sections 2.4 or 8 of NI 52-110. Section 2.4 provides an exemption from the requirement that the audit committee must pre-approve all non-audit services to be provided by the auditor, where the total amount of fees related to the non-audit services are not expected to exceed 5% of the total fees payable to the auditor in the fiscal year in which the non-audit services were provided. Section 8 permits a company to apply to a securities regulatory authority for an exemption from the requirements of NI 52-110, in whole or in part.

The audit committee has not adopted specific policies and procedures for the engagement of non-audit services. Subject to the requirements of NI 52-110, the engagement of non-audit services is considered by the Company's Board of Directors, and where applicable the audit committee, on a case-by-case basis.

D. External Auditor Service Fees

In the following table, “audit fees” are fees billed by the Company’s external auditor for services provided in auditing the Company’s annual financial statements for the subject year. “Audit-related fees” are fees not included in audit fees that are billed by the auditor for assurance and related services that are reasonably related to the performance of the audit or review of the Company’s financial statements. “Tax fees” are fees billed by the auditor for professional services rendered for tax compliance, tax advice and tax planning. “All other fees” are fees billed by the auditor for products and services not included in the foregoing categories.

The fees paid by the Company to its auditor in each of the last two fiscal years, by category, are as follows:

Financial Year Ending	Audit Fees¹	Audit Related Fees²	Tax Fees³	All Other Fees⁴
December 31, 2008	\$97,945	Nil	Nil	Nil
December 31, 2007	\$53,250	Nil	Nil	Nil

1. “Audit Fees” include fees necessary to perform the annual audit and quarterly reviews of the Company’s financial statements. Audit Fees include fees for review of tax provisions and for accounting consultations on matters reflected in the financial statements. Audit Fees also include audit or other attest services required by legislation or regulation such as comfort letters, consents, reviews of securities filings and statutory audits.
2. “Audit Related Fees” include services that are traditionally performed by the auditor. These audit related services include employee benefit audits, due diligence assistance, accounting consultations on proposed transactions, internal control reviews and audit or attest services not required by legislation or regulation.
3. “Tax Fees” include fees for all tax services other than those included in “Audit Fees” and “Audit Related Fees”. This category includes fees for tax compliance, tax planning and tax advice. Tax planning and tax advice include assistance with tax audits and appeals, tax advice related to mergers and acquisitions and requests for rulings or technical advice from tax authorities.
4. “All Other Fees” include all other non-audit services.

E. Exemption

The Company is relying on the exemption provided by section 6.1 of NI 52-110 which provides that the Company, as a venture issuer, is not required to comply with Part 3 (Composition of the Audit Committee) and Part 5 (Reporting Obligations) of NI 52-110.

Options granted under the Plan are non-assignable and may be granted for a term not exceeding that permitted by the Exchange (currently **ten** years).
